# LYN F. KNIGHT, INC.

Welcome to our first auction of 1995 and to the official auction of the Chicago Paper Money Exposition.

I have just returned from a busy F.U.N. show and an active auction. I am happy to report that the currency market is strong for all active dealers.

Collectors everywhere are talking about the "new show", it's sold our bourse and this auction. Debbie, Eric and I hope to see, and chat with, each of you in Chicago. We have been eating and breathing bank notes and computers since Christmas. We hope this catalog shows you how hard each of us has worked, doing our part of the production. Eric spent countless hours perusing catalogs, ordering information and talking to sales reps, trying to ascertain what was and was not possible to do and then see how to put it together. Debbie has spent untold hours learning new computer programs and tricks to improve our catalog and its cost. Then she has to translate what I write into a catalog. For that she gets all the credit. All I had to do was get the notes, figure out something to say about them and help you acquire them. So don't forget to thank Debbie and Eric for their efforts. I haven't!!

See you in Rosemont!

## ALASKA

### White Pass Dance Hall Skagway, Alaska

In 1898 the White Pass and Yukon Railway began building the rail line from Skagway to Whitehorse. As the passes closed by early autumn, many of the gold seekers were trapped between the sea and the passes, wintering in Skagway Fourth on Spring Street. Following the first freeze of winter, the locals would flood the lot across from the Dance Hall providing a gathering place for outdoor skating and other winter sports. They soon organized a hockey team and with the railway open, they challenged other areas to a gentlemen's game of hockey. A schedule was set and the only remaining barrier to a cultural afternoon of mayhem was financing the team's transportation. With this thought in mind, the team's fans decided to hold a fund raising shindig celebrating "The Days of '98" at the White Pass Dance Hall.

Although gold dust was the standard of exchange for many years in Alaska, it was a difficult medium, requiring precise scales and anything but handy when used for "pocket change". For the evenings admission price, the participants received scrip in 5, 10, 20 and 50 dollar denominations. This scrip could be used for gambling, drinks or any other pastime available. Fifteen percent of each dollar spent went to the hockey team and additional scrip could be purchased at the same rate inside the dance hall.

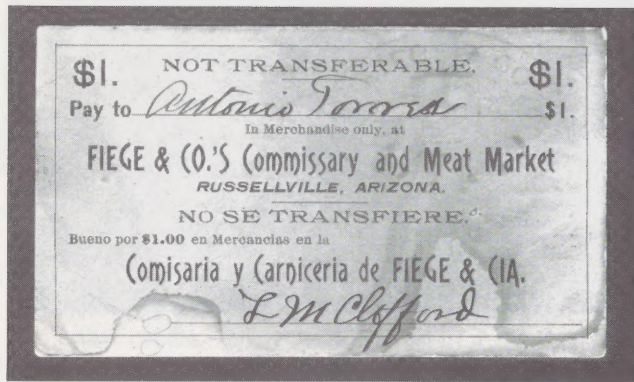

These early notes were printed on Lamont or Hammer Safety Paper and were varied in color and design.

The White Pass Dance Hall was torn down in 1939. All that's left for the syngraphist are a few old notes that commemorate a time when gold was king in Alaska.

A. P. Stafford was governor of Arizona 1869-77. An ad for the firm of "Safford, Hudson & Co. Bankers, Tucson and Tombstone Arizona" appears on the cover of the 1881 Arizona Business Directory. The ad lists correspondents in San Francisco, Los Angeles, Santa Fe, Mexico, and the East Coast. The two items below are identical to the 1982 Clifford sale, Lot 251. The pair brought \$350 plus. Bob Chandler at the Wells Fargo Museum in San Francisco says these were meant to be used as scrip. The wording used was to protect Safford from Government prosecution.

#### RARE SILVER CERTIFICATE

- 505 **Fr. 1700 \$10 1933.** This is the key small size type note and we rarely get the opportunity to handle a neat one. This one is really tough. #A00033333A, as straight as you will find on this beautiful, rare and popular type. Plenty of margins all the way around, with a little extra on top for good measure. As rare as small size has been to find, I would expect lots of interest in this. Gem CU (5500-7500)

## FEDERAL RESERVE BANK NOTES

This represents the best individually offered group of low number Federal Reserve Bank Notes in years. This group has long been the personal favorite of several sophisticated collectors. No doubt they will be anxious to acquire these neat notes.

- 509 **Fr. 1850-H \$5 St. Louis.** With a printing of only 276,000, St. Louis may well be the most under-rated Federal Reserve Bank Note. Besides that, it's a low #36 and really a beauty. Don't overlook this one! Gem CU (1000-1500)

- 506 **Fr. 1850-B \$5 New York.** Low #84 and a pretty note. All from the same collection. Gem CU (250-375)

- 510 **Fr. 1850-I \$5 Minneapolis.** Low serial #25. This is a very rare denomination for this district, in this grade and it's low serial number. Gem CU (350-500)

- 511 **Fr. 1850-J \$5 Kansas City.** CU (50-75)

- 507 **Fr. 1850-D \$5 Cleveland.** Low serial #39. A super, well-centered note. Gem CU (250-375)

- 512 **Fr. 1850-J \$5 Kansas City.** Low serial #99. A real Gem and much scarcer than the printing would indicate. Gem CU (250-375)

- 513 **Fr. 1850-K \$5 Dallas.** Low #33. These low numbers have long since been dispersed. Gem CU (250-375)

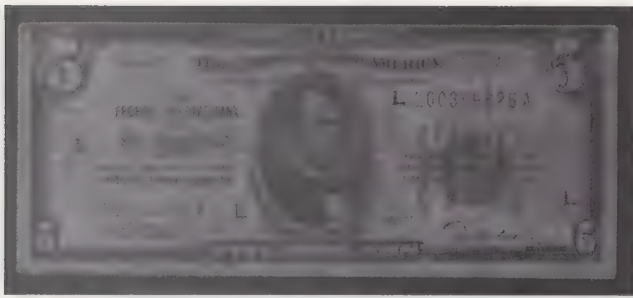

- 508 **Fr. 1850-F \$5 Atlanta.** Serial #4. A wonderful, well-centered and rare \$5 Atlanta. Just a hint of soiling at the right keeps it from Gem. Ch. CU (500-750)

- 553 **Fr. 2221-B \$5,000 1934.** Fresh, wonderful and rare as can be. This is the first UNC we have handled in at least 5 years. With current demand so high, it's doubtful we will see many available for years to come. I personally feel that we will see the price of \$5,000's overtake the \$10,000's in the future, purely because of the one hundred \$10,000's that are hanging in Las Vegas. There are no known hoards of \$5,000's left that I know of. No matter, as if you get this one, you'll never have to worry about improving this note. Be prepared for competition, but know it's worth whatever it costs. Something you'll always be proud to own. Gem CU (17,500-25,000)

- 612 **Danville, Second NB, #2584.** Fr. 451 \$50 1875. The ultimate example for a type note or state collector. This note is beautiful, crisp and well centered, both front and back. A counting mark on the right side shows where the tellers dutifully counted it. The Second National Bank of Danville was chartered in 1881 succeeded by the Vermilion County Bank. From there it specialized in issuing high denomination notes, probably for ease of counting rather than the circulation needs of this community. A special opportunity for a major addition to any great collection. Ch. CU (20,000-30,000)

- 698 Strawn, Farmers NB, #M7151.** Fr. 624 \$10 1902ND. A scarce note from this R-6 bank, both large and small. Of course it was the only National Bank in this small Livingston County town. It does have clear signatures. VF (250-375)

- 757 **Fr. 40 \$1 1923** Great low number A66B. Really a beauty. Very fresh but a visible counting mark stops me from using the word Gem. Ch. CU (400-500)
- 758 **Fr. 40 \$1 1923** Slight roughness on the corners. XF (35-50) **40**
- 759 **Fr. 41 \$2 1869** An excellent example of a circulated First Issue Legal Tender. VF+ (450-650)

- 771 **Fr. 61 \$5 1862 NO SERIES.** A new discovery note. Only the third reported and verified. I understand that the Thompson collection note was recently sold in the mid four figure range. This is an honest note, totally original and unmolested with honest wear. The edges are a little fuzzy but no major problems, just wear. Weak VG (2000-4000)

- 772 **Fr. 61a \$5 1862** New series - one serial number. Fine (150-200)

- 778 **Fr. 63a \$5 1863** Signed by L.E. Chittenden near the top center. I'm not an expert and just don't know if it's an autograph or doodle. You make the decision. Piece gone from the upper margin. VG (50-up)
- 779 **Fr. 63b \$5 1863** Second obligation 1863 with two serial numbers. Fine (150-250)

- 782 **Fr. 64 \$5 1869** XF (275-375)
- 783 **Fr. 64 \$5 1869** Scarce this grade. This is the first group I've ever had in this grade. UNC are much more common. XF (275-375)
- 784 **Fr. 64 \$5 1869** A nice Rainbow \$5. VF/XF (225-300)
- 785 **Fr. 64 \$5 1869** Obverse looks XF, reverse not quite. VF/XF (225-300)
- 786 **Fr. 64 \$5 1869** Slightly rounded corners. VF (200-260)
- 787 **Fr. 64 \$5 1869** A couple of splits at the top. VF (150-250)

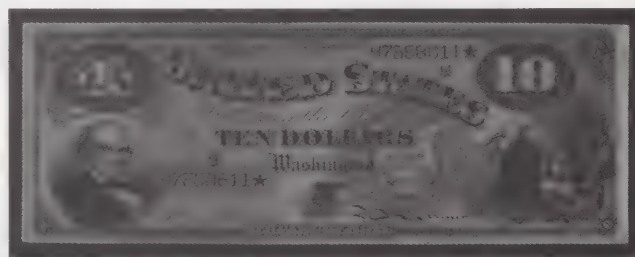

- 788 **Fr. 64 \$5 1869** Five pieces. All nice. Average grade is Fine. (700-1000)

- 790 **Fr. 64 \$5 1869** Seven pieces. Not full VG, various flaws, etc. G/VG (500-750)
- 791 **Fr. 69 \$5 1878** Slightly uneven margins but only slightly circulated. XF (100-200)

- 792 **Fr. 70 \$5 1880** This is definitely one of the rarest of all the types found in the Iowa bank collection. Notes of this rarity seldom surface out of the weeds but here is your chance to get one. Good body, light honest circulation and no apparent defects. With only 10 or so in private hands, this opportunity may not repeat itself in the near future. VF/XF (2000-4000)

- 797 **Fr. 88 \$5 1907** A bright, crisp, fresh and original low serial number. Gem CU (400-600)

- 799 **Fr. 93, 94, 95 & 95a \$10 1862 & 1863** Set of four notes. An unusual opportunity to get four different varieties of this series for so little, as there is so little left of them. AG or worse. (100-200)
- 800 **Fr. 93 \$10 1862** Overall nice looking but there is a dirt stain along the top and bottom. A nice note that a good chemist could improve. Fine (175-250)
- 801 **Fr. 94 \$10 1862** Well used with a few splits and tears. One appears 3/4", others are very minor. VG (100-200)
- 802 **Fr. 95 \$10 1863** Several edge nicks and bumps that could be straightened out. Also a couple of old tears. G/VG (75-150)

- 793 **Fr. 71 \$5 1880** It's hard to believe how few of these we see that are really nice. Gem CU (500-650)

- 803 **Fr. 96 \$10 1869** A beauty with big margins and great color. As nice a Rainbow \$10 as you could ask for. Gem CU (2000-3000)

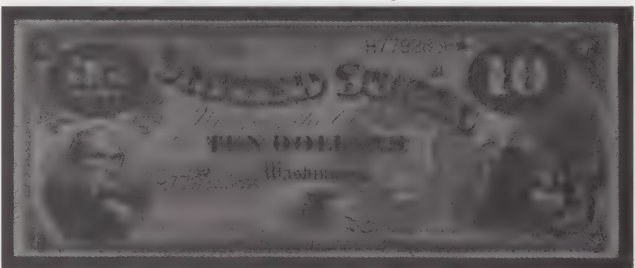

## WE ARE LOOKING FOR

## SINGLE NOTES OR

## ENTIRE COLLECTIONS FOR OUR

## MEMPHIS AUCTION - JUNE 1995

- 794 **Fr. 76 \$5 1880** This type of Fr. 76-79 is quite rare and seldom offered. It is surprising to find that one unmolested and so fresh. Technically 5 folds but it is still XF by appearance. (600-900)
- 795 **Fr. 81 \$5 1880** Scarcer than it is given credit for. VF+ (90-140)
- 796 **Fr. 82 \$5 1880** On the reverse there are "20's" in red on the white area. VF (75-125)

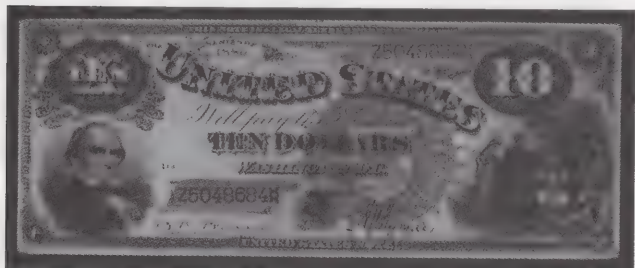

- 804 **Fr. 96 \$10 1869** A gorgeous Rainbow that is sure to please. Fresh and well centered. Ch. CU (1500-1800)
- 805 **Fr. 96 \$10 1869** Rainbow ten. Fine + (250-375)
- 806 **Fr. 96 \$10 1869** Rainbow \$10. VG+ (125-175)

- 808 **Fr. 102 \$10 1880** Well centered and absolutely unmolested. From the bank hoard. VF+ (200-300)

- 809 **Fr. 103 \$10 1880** Hard to grade higher because of the dirty corners and uneven margins but it's really crisp and still attractive. CU (450-650)

- 810 **Fr. 104 \$10 1880** Fresh, unmolested and a scarce seal variety. F/VF (250-450)

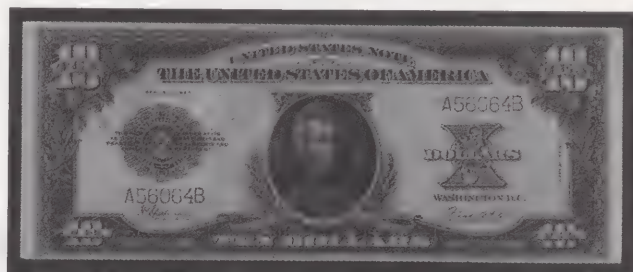

#### 10% BUYERS PREMIUM

- 811 **Fr. 110 \$10 1880** A beautiful example of a Jackass with the small red seal. Fresh, crisp and original. The right margin is big enough but not perfectly straight. Gem CU (800-1200)
- 812 **Fr. 114 \$10 1901** Only 3 folds but they are heavier than most would want on an XF. Tiny spot in upper margin. VF/XF (350-500)
- 813 **Fr. 118 \$10 1901** Three folds. The folds could be lighter but it hasn't been played with. XF (400-600)

- 814 **Fr. 119 \$10 1901** This is the nicest Buffalo from the Iowa bank collection. Fresh and well centered. Gem CU (1400-1800)
- 815 **Fr. 122 \$10 1901** Buffalo. Well used, rounded corners and wear on the reverse. Good (50-100)
- 816 **Fr. 122 \$10 1901** Buffalo. Well used, minor splits and tears. G/VG (70-100)
- 817 **Fr. 122 \$10 1901** Buffalo. Well used, minor splits and tears. G/VG (70-100)

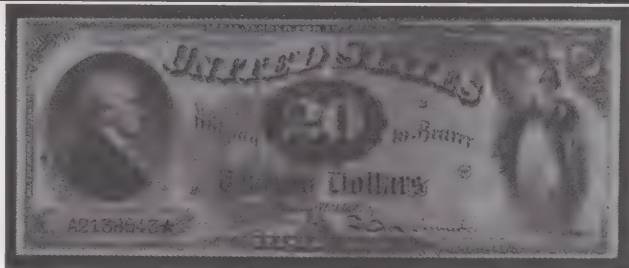

- 818 **Fr. 123 \$10 1923** A really nice, fresh and unmolested Jackass \$10. From the bank hoard. This was probably pulled right from a new shipment of money. Gem CU (2750-3500)
- 819 **Fr. 124 \$20 1862** Pieces missing from the right margins and other splits. AG (150-250)
- 820 **Fr. 124 \$20 1862** Roughness along the bottom edge and slightly into the border. Good (250-450)

- 821 **Fr. 126 \$20 1863** A small piece out of the top margin but a scarce note. Seldom offered. Signed NBNC and ABNC bottom center. One serial number. VG/Fine (300-500)

#### Rainbow \$20

- 822 **Fr. 127 \$20 1869** It is easy to understand why the term "Rainbow" has long been associated with the wonderful. Only very slightly shaved centering eliminates the word Gem from this description. Ch. CU (3500-4500)

- 823 **Fr. 127 \$20 1869** Evenly circulated Rainbow. Always scarce and popular type. From the bank hoard. Fine (900-1200)

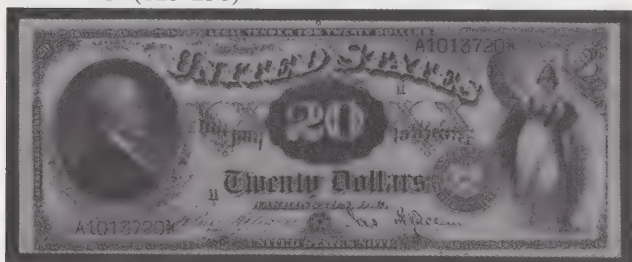

- 824 **Fr. 127 \$20 1869** Chewed into the design a little at the top and bottom, otherwise VG. AG (100-200)

#### RARE SIGNATURES

- 825 **Fr. 128 \$20 1875** A scarce and seldom offered signature combination. Not to be confused with the much more common, but identical type, the Fr. 129. A couple experienced collectors will probably bring this note to near record levels. Gem CU (3000-5000)

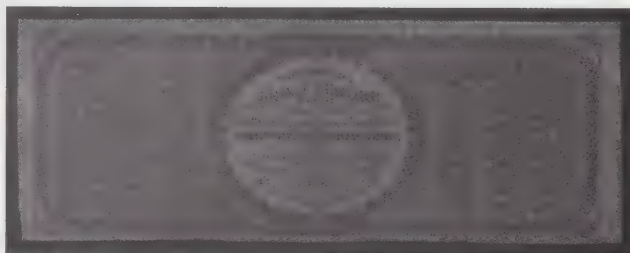

- 826 **Fr. 128 \$20 1875** Seldom seen in circulated condition. This is well used with a bad cut on the right border. Bottom right is down to the design. VG (125-250)

- 827 **Fr. 129 \$20 1878** A great note. Fresh, crisp and original, though not perfectly centered within its margins. A wonderful note for a type collector. Gem CU (2000-3000)
- 828 **Fr. 132 \$20 1880** A scarce large brown seal. Only twenty or so reported. Fine (200-300)
- 829 **Fr. 136 \$20 1880** Very well used but the upper margin has a little roughness. VG (100-200)

- 830 **Fr. 137 \$20 1880** Scarce and well worth the upper range of the estimate. Thirty or so reported. F/VF (250-450)
- 831 **Fr. 138 \$20 1880** Rosecrans-Huston signatures. One of 30 or so reported. VG (200-300)
- 832 **Fr. 147 \$20 1880** Cut a little off on the reverse making the reverse centering a little low. VF (160-280)

#### RARE 1863 \$50

- 833 **Fr. 150a \$50 1863** This great rarity has all the appearance of a Fine + note but upon careful inspection I found an incredible restoration job around the edges. Anyone who views this note will see what a great addition it will be to their collection. Fine + (4500-7500)

#### RAINBOW \$50

- 834 **Fr. 151 \$50 1869** One of the most popular expensive type notes. Everyone loves the Rainbow Fifty! This note is straight from an Iowa bank vault where it remained for around 120 years, give or take. It was quite nice of them to save this perfectly centered, lightly circulated note instead of some old dog. A highlight of this collection and now you have the opportunity to make it a part of yours. P.S. It has great color and lots of body! VF/XF (14,000-18,000)

- 837 **Fr. 165a \$100 1862** This note has National Bank Note Co. at the top and ABC on the upper left near the eagles wing. It is a nice looking Spread Eagle \$100. Careful examination will show that several of the edges have been professionally and nearly invisibly stengthened. There are not many more than 20 known, in private hands, with the First Obligation on the reverse. This is a nice example and no doubt it will generate much interest. F/VF (6000-9000)

**Fr. 154**

- 835 **Fr. 154 \$50 1878** Returned when I graded it VF so I might have been optimistic. A rare note, seldom offered in any grade. Certainly worthy of a strong bid. F/VF (3000-5000)

- 836 **Fr. 164 \$50 1880** An excellent example of the type because it is the one seen most often. Well centered and a strong red seal add dramatically to this "Franklin". XF/AU (2500-3500)

**Rosecrans-Huston**

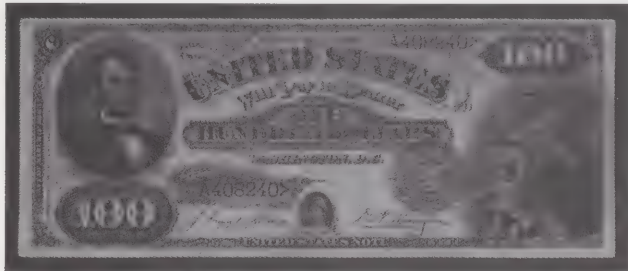

- 838 **Fr. 177 \$100 1880** A fresh, well centered and unmolested Rosecrans-Huston red seal \$100. Only a dozen or so in private hands. There are no doubt numerous collectors who need this. 60,000 printed. VF (5000-7500)

### ONE OF THE FINEST

- 839 Fr. 179 \$100 1880 Of 172,000 printing, it appears that few have survived in a finer state of preservation than this. This example has never been publicly offered in auction before. It has been at least 10 years since a comparable piece was auctioned. XF/AU (6,000-10,000)

- 840 Fr. 187-j \$1000 1880 In my personal point of view, this is one of the most under rated notes in our entire field. Also one of the best in private hands. This famous Dewitt Clinton note is the only \$1000 Legal most will ever have a chance to afford and this is a beauty. It appears UNC at a glance on the obverse but it's not. It is well centered and bright. Well worth consideration. **NO DOUBT THIS COULD**

- 916 **Fr. 340 \$100 1880** A truly rare type note variety with the Bruce-Wyman signatures. They only printed 80,000 notes, of which less than 10 are in private hands. This variety has the brown "C" below the seal and is rare. This note was discovered as part of the Iowa bank hoard we acquired last year. It was part of the bank's cash from sometime before the turn of the century until now. VF (12,000-16,000)

- 917 **Fr. 344 \$100 1891** Probably the third or fourth finest known of this Friedberg number and well within the top 10 of the type. Certainly the best to be on the market in a few years. Probably the best the market will see for sometime. They sure changed the designs on these early Monroe \$100's a lot. I think this would be an interesting collection in itself. XF/AU (10,000-15,000)

### TREASURY NOTES

Fr. 368

- 921 **Fr. 368 \$10 1890** A wonderful ornate back Treasury \$10 that's well centered, crisp, bright, and fully embossed. Only the lightest counting mark keeps me from classifying this as a Gem and it's so nice I really wanted to. Ch. CU (2000-3000)
- 922 **Fr. 370 \$10 1891** Well used with good honest wear. VG (150-200)

Seward \$50

- 924 **Fr. 376 \$50 1891** The rare and popular "Seward" note. This type so far has been uncovered only in higher grades and the low UNC's. Ours, from the Iowa bank hoard, has had some of the edges strengthened but just looks like a well used VG. No doubt this will illicit much interest from one of those collectors who have acquired one of the lower grade Watermelons but haven't been able to get a Seward. VG (7,500-10,000)

- 923 **Fr. 375 \$20 1891** A remarkable example of this type. There is a faint fold well hidden in the body of this note, therefore it is not UNC technically. My description is so a mail bidder may get an accurate picture of the note and this is a beauty. These John Marshall notes have always been popular and this one would fit nicely into the finest collection. Ch CU (6,500-8,500)

## NATIONAL BANK NOTES

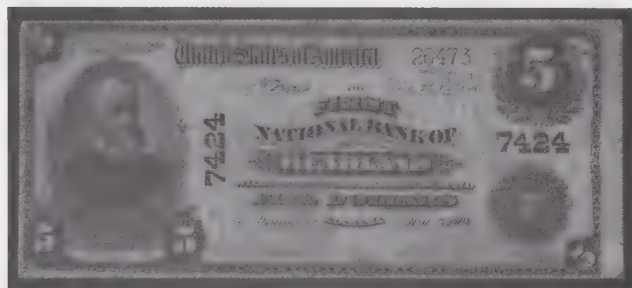

### ALABAMA

- 998 **Florala, First NB, #8910. Fr. 652 \$20 1902ND** A very scarce R-5 bank from Covington County in southern Alabama. Fine + (400-600)

- 999 **Gainesville, NB, #1822. Fr. 382 \$1 Original** No doubt one of the rarest first charters in this great state. This bank was chartered in 1871 and liquidated in 1879, issuing first charters only. By 1910 only \$1,227 was still unredeemed. R-6 with only one other reported. Several minor repairs have been professionally done. VG/Fine (2750-3750)

- 1000 **Headland, First NB, #7424. Fr. 598 \$5 1902ND** A neat name and a tough R-4 bank in Henry Co. in southeast Alabama. Fine (300-500)

**FAX (913)262-9689**

- 1001 Oxford, First NB, #7073.** Fr. 650 \$20 1902ND  
The rarity is out of wack because of a couple of red seal sheets on this bank. This Calhoun County note is seldom offered for sale. Faded signatures. Fine + (400-600)

- 1002 Troy, First Farmers & Merchants NB, #5593.** Fr. 1801-1 \$10 1929T1 A wonderful high grade note. The best I've seen on the bank. Ch. CU (200-300)

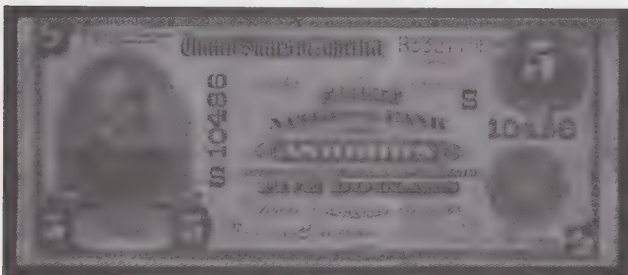

### ALASKA

#### Small Alaska

- 1003 Ketchikan, First NB, #12578.** Fr. 1802-1 \$20 1929T1 There are only 22 or so reported small size Alaska notes. This note is circulated but problem free. The bank wasn't chartered until 1924 and didn't issue any large notes. No doubt this will be one of the highlights for the National specialists. These are just like gold to the specialists and every state set needs one. Fine (6,000-7,000)

### ARKANSAS

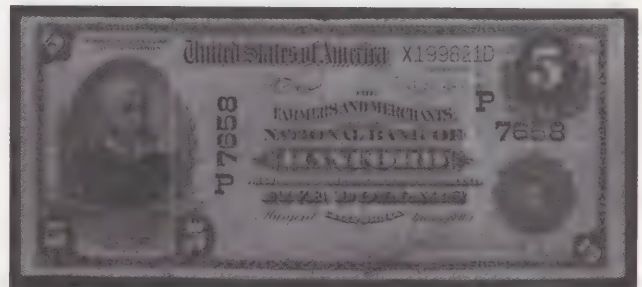

- 1004 Ashdown, First NB, #S10486.** Fr. 605 \$5 1902ND  
Great signatures on this extremely rare note from Little River County. R-6 and not surprising. This should stir the Arkansas boys. Fine (750-up)

- 1005 Fayetteville, First NB, #7346.** Fr. 650 \$20 1902ND As vile as I've seen. Strictly filler. Horrible. (20-30)

- 1008 Gurdon, First NB, #13210.** Fr. 610 \$5 1902ND  
An R-5 in large size but reported as having \$85 large outstanding. This note needs some attention as there is scotch tape protecting a center split and it makes the note unattractive. VG (500-750)

- 1009 Springdale, First NB, #8763.** Fr. 626 \$10 1902ND A rare R-5 note from the only bank in town. A great note to represent Washington County. VF (600-900)

- 1017 Sacramento, National Gold Bank, #2014.** Fr. 1138 \$5 1872 Gold is exactly what this note exudes and that is what the designer intended. Rich colors portray the strength necessary for these notes to gain acceptance. Should be worth double what a Fr. 1136 is. VF (3000-5000)

## Unreported Bank

- 1141 Union City, First NB, #815.** Fr. 401 \$5 1875  
 "Previously unknown" and "currently unique" are good catch phrases for this great First Charter. This bank was chartered in 1865 and liquidated in 1877. After a very short issue and by 1910, only \$715 is shown outstanding. If you collect Indiana or great notes, you must have this on your wish list. The estimate would be a bargain. Fine + (1500-2500)

- 1161 Davenport, First NB, #2695.** Fr. 686 \$100 1902RS An extraordinary \$100 red seal. The finest I've handled in at least 10 years, maybe ever. Someone in Davenport was nice enough to save us a wide variety of types. Comprehensive record keeping has been done on this early series and it appears that only approximately 55 pieces are known from the entire counting of all grades. I know of less than 5 of this quality. An opportunity that may not repeat itself. The green sheet is in dreamland showing a bid at \$2,800 in CU, \$3,800 in Ch. CU and \$5,500 in Gem CU. I offered \$10,000 years ago for the only Gem I know of. Both lower corners of this note are just a little weak. Ch. CU (7,500-12,500)

### Black Charter Number

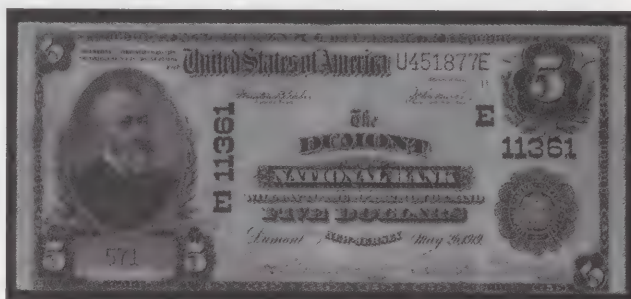

- 1322 Rochester, NB, #2138.** Fr. 401 \$5 1875 This bank was chartered in 1874, succeeding the John McDuffee & Co. bank and was placed into voluntary liquidation in 1917. The Bureau of Engraving & Printing did finish work on notes printed privately. Late in 1873 they added the bank charter number to their printing. Later they added a rare charter number variety on \$5 First Charters. They were printed on plates which had the charter number engraved on the face plate and were printed in black, not red, hence the name. Very rare and seldom seen. VG+ (2500-4500)

- 1329 Newark, City of, German NB, #2045.** Fr. 446 \$50 1875 An extreme rarity for type but when you combine that with the fact that there aren't any others from New Jersey, it makes this a real whammy. Basically this is just wear with some minor repair to stabilize it's condition. Decent appearing and an underrated, undervalued type. VG+ (2500-3500)

## Red Seal North Dakota

- 1446 **Towner, First NB, #W7955.** Fr. 640 \$20 1902ND  
This is one of the rarest notes in the sale. This red seal was offered by Aubrey Bebee in a fixed price list about 20 years ago. It sold in a heartbeat and has been in the same person's hands until now. This McHenry County bank is a real rarity and maybe the only note to have surfaced. This note is quite high grade but the upper left and right corners are a little rough. They have three tiny nicks off them at the tops. Not meaningful in the overall grade of the note. The last North Dakota red seal we saw was a #1 and it brought over \$8,000. This will certainly be in the range of the estimate. VF (3000-5000)

## OHIO

- 1448 Barnesville, First NB, #M911.** Fr. 664 \$50 1902RS A \$50 red seal and a beauty. This bank only issued 1,100 \$50 red seals and with all the high denomination, the \$17,000 out is quite low. Little explanation is required of such a beautiful and exciting note. It's bright, has great pen signatures and is extremely well centered. It definitely deserves a premium bid and is as nice as any others in past years. AU (4,000-6,000)

### Double Denomination

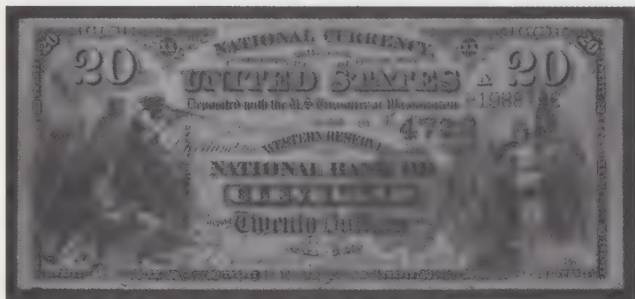

- 1455 Cincinnati, German NB, #M2524.** Fr. 545-555 \$10-20 1882DB A very rare Second Charter double denomination with the \$10 on the reverse and the \$20 on the obverse. I'm never sure whether this should be a \$15 or a \$30 note. It looks like a \$30 to me. The upper left corner of the note has been poorly replaced and there is a closed tear with tape over it below that. Otherwise, it really doesn't look so bad. F/VF (6,000-8,000)

Mail bidders who have not previously viewed the lots may return any lot within seven (7) days of receipt for a full refund. On larger shipments, the actual charges for postage plus insurance and handling will be added where necessary.
